Open Source Contribution

PROFESSIONAL SUMMARY

Motivated Junior Frontend Developer with hands-on experience building modern, responsive web applications using React.js, Next.js, JavaScript, and Tailwind CSS. Passionate about developing clean user interfaces, reusable components, and optimized web performance. Currently improving skills toward full-stack development and modern web technologies.

KEY PROJECTS

Dragon News — News Portal

[GitHub Code](#)

- Developed a modern news website using Next.js with dynamic routing.
- Implemented reusable components & dynamic API-based data fetching.
- Ensured a fully responsive, pixel-perfect user interface design.

BPL Dream 11 — Fantasy Cricket App

[React / Tailwind](#)

- Designed an interactive and modern fantasy cricket selection interface.
- Built responsive layouts and optimized the overall component structure.

Personal Portfolio Website

[Live Demo](#)

- Created a modern developer portfolio with seamless Dark/Light theme toggle.
- Optimized SEO performance and successfully deployed via Vercel.

EXPERIENCE

Frontend Developer — Personal & Practice Projects

2025 — Present

- Built multiple responsive real-world web applications using modern practices.
- Converted visual layouts (Figma) into precise, responsive, and functional frontend views.
- Practiced state management and route architectures to ensure fast loading speeds.

EDUCATION

Diploma in Computer Science & Technology

2024 — Present

Mymensingh Polytechnic Institute

ACHIEVEMENTS

- Successfully completed multiple modern, production-ready coding projects.
- Active Git/GitHub contributor with optimized workflow practices.
- Consistent learner focusing on modern frontend & full-stack web technologies.
